

AECOM Winnipeg is hiring a CADD Technician. Responsibilities include but are not limited to:

- Monitors and documents conformance with quality, performance, safety and code requirements.
- Activities may include assisting with engineering calculations for compliance with specifications and maintaining project documentation.
- General understanding of procedures and company policies to achieve set results and deadlines.
- Perform a variety of AutoCAD related tasks in support of rail, and civil designers, engineers and project managers.
- Prepare conceptual, preliminary and detailed engineering design drawing packages including plans, profiles, typical sections and details.
- Assist with the productivity and mentoring/development of junior CADD personnel.
- Coordinate with CADD staff on workload and backlog with supervisor and senior manager.

#### Minimum Requirements

- HS + 4 YORE or demonstrated equivalency of experience and/or education
- Proficient using AutoCAD 2016 or later, and Civil 3d.

#### Preferred Qualifications

- Ideally 5+ years of experience in civil design
- Registration with CTTAM as certified technician or technologist or in the process of obtaining.
- A strong preference for experience with Assemblies
- Applicants shall have a strong attention to detail and quality. Applicants must work effectively with others in a group setting, with good verbal and written communication skills.
- Self-starter with the experience and ability to work independently, or with minimal supervision except for complex and unusual situations.
- Demonstrate excellent communication skills and willingness to develop knowledge and skills in the practice of railway track design and technical drafting.

#### What We Offer
