

## Civil Engineering Technologist

The Rural Municipality of Morris is located minutes south of Winnipeg and comprises approximately 1041 square kilometres. With a growing population of 3,172 and a very active farming and manufacturing community we boast several urban centres such as Rosenort, Lowe Farm, Sperling, Aubigny and several smaller hamlets. The Town of Morris is also situated within our boundaries, however they have their own municipal government. Although sometimes prone to spring flooding, we also have some of the best farmland in Manitoba.

We are currently advertising to fill a newly created position in our municipality. We are seeking someone that is a Civil Engineering Technologist. Primary duties will consist of the following:

- Project Planner
- Mapping/Drafting/Surveying, etc.
- Asset Management
- Safety Program Coordinator

We are seeking someone that can fill the above role. As a member of the municipalities management team, the ideal candidate should have formal training as a Civil Engineering Technologist and duties may vary, depending on the qualifications and aptitude of the individual hired for the position. The person hired for this newly created management position will have the opportunity to shape, mold and define the role and also help with the future development of the municipality.

Salary for this position will depend on the level of training and experience of the candidate. A detailed Position Description is listed on the Rural Municipality of Morris website at [www.rmofmorris.ca](http://www.rmofmorris.ca).

Please apply in writing, listing previous experience, to the undersigned. Applicants should also provide their salary expectations in their application package. Please provide at least 3 references. Copies of applicable certificates/diplomas must be attached to application/resume. Only those selected for an interview will be contacted. Position will be open until suitable candidate is hired to fill the position, however we would prefer if applicants would forward their application information to us **prior to November 24<sup>th</sup>, 2023.**
