Part 4 Structural Design – Detailed 2020 Code Update Seminar (ONLINE)

Course Code: SEMR-9584

Section ID: 257147

May 7 - 21, 2024

WebEx Sessions: Tues & Thurs, 2-4pm

Cost: \$572

Registration Deadline: May 1, 2024

Note: This online seminar is designed for Existing Code Practitioners. Experience in Structural Design is required.

This course has been designed to highlight revisions to Part 4 requirements in the 2020 National Building Code of Canada relative to the 2010 NBC / 2011 Manitoba Building Code. The course will review changes through the 2015 and 2020 code cycles to enhance and update the knowledge of Existing Code Practitioners and those who wish to improve their competence in interpretation and implementation of current Building Code requirements with respect to Part 4 buildings.

2020 Introduction to the Manitoba Construction Codes ONLINE (Div. A and C)

Course Code: CODE-1005

Section ID: 258469

May 21 – June 21, 2024
