## Full job description

**Senior Calibration Tech**

**Date:** May 28, 2024

**Location:** Winnipeg, MB, CA, R3H 0S5

**Company:** Magellan

Magellan Aerospace is a global, integrated aerospace company that provides complex assemblies and systems solutions to aircraft and engine manufacturers, and defence and space agencies worldwide. At Magellan we have over 80 years of collective knowledge and experience in the aerospace industry, and believe one truth: People create value.

Employees are our greatest resource in working towards a successful future, and together we build professional relationships that thrive. We know that personal development is fundamental to the success of every individual and invest in our employees.

When you are part of Magellan, you are part of the team!

### **Job Summary**

Magellan Aerospace has an exciting career opportunity for a full-time permanent **Senior Calibration Technologist** at our manufacturing hub in Winnipeg, Manitoba.

### **Essential Responsibilities**

- calibration and process certification, including writing and maintaining file of calibration and process certification reports
- calibration of process control and monitoring equipment
- maintaining the calibration procedures manual pertaining to equipment owned by Magellan Aerospace Limited
- maintaining the calibration call up data base
- assisting the Maintenance Department with the repair of process and test equipment
- identifying and utilizing traceable calibration sources to maintain a nationally recognized traceability path to company equipment

### **Position Requirements**

- A post-secondary technical diploma (Electronics, Instrumentation or Calibration preferred)
- Basic knowledge of calibration procedures and accuracy requirements.
- Certification in heat treat pyro techniques is an asset.
- Experience with Microsoft Office.
- Experience with Gagetrak or similar software is an asset.
- Ability to Perform Temperature Uniformity Surveys is an asset.
- Strong written and verbal communication skills.
- CTTAM accreditation optional

## **Why Magellan?**

- Competitive salary
- Attractive benefit package
- Generous company pension plan
- Excellent career progression opportunities
- Employee assistance plan
- On-site parking, cafeteria and gym

## **Confidentiality**

Magellan Aerospace respects the privacy and confidentiality of personal information provided by candidates and shall not disclose to any external parties unless legislated.
