Full job description

Maverick Industries Ltd – Manufacturer of INTERSTEEL industrial waste & recycling containers is planning to expand the design team. We are currently looking to hire a Mechanical Drafter/Designer experienced in Autodesk Inventor. If you enjoy working in a team, using your skill set to see company wide improvements, and have a passion for designing such as jigs, fixtures and products for customers - this position is for you!

Roles & Responsibilities:

Jigs & Fixtures

- Design and prototype jigs and fixtures to improve production flow and efficiency
- Prepare bills of material for manufacturing and material purchasing
- Coordinate activities and schedule trials in production, and resolve design issues
- Evaluate and approve design changes, specifications, and drawing releases
- Create training documents, train and coach production employees on their uses
- Work with accounting to track jigs/fixtures as assets for amortization and depreciation

Product Development Support

- Create manufacturing product drawings based on customer's requirements
- Create detailed drawings to support sales, prototype production and manufacturing
- Study, prepare and analyze details and architectural drawings of product proposals.
- Review product design for compliance with customer contract requirements and specifications
- Investigates and resolves customer issues regarding design and utility of finished products
- Create parts, subassemblies, assemblies, manufacturing, application, installation and layout drawings to support different needs of applications
- Occasionally travel to client locations for consultation, field measurements, installation assistance and inspections to insure quality and customer satisfaction

Requirements:

- Technician or technologist
- Working knowledge of AutoDesk Inventor
- Drafting / designing experience
- Metal sheet and tubing knowledge
- Excellent problem solving skills
- Manufacturing experience
- Excellent verbal and written communication

- Demonstrated high level of professionalism
- Ability to multitask efficiently
- Meticulous attention to detail
- Effective time and project management skills
- Ability to collaborate as a team player and work independently

What Maverick has to offer you:

- Competitive Compensation
- Group Benefits: Health Care & Prescription Benefits, Vision Care, Employee Assistance Program, Life Insurance (including AD&D)
- Gym membership
- Golf memberships and other company wide perks!

Job Type: Full time, permanent
