EMERGENCY VEHICLES

CERTIFIED ENGINEERING TECHNOLOGIST (MECHANICAL)

Acres Industries Inc. has been manufacturing high-quality, reliable Emergency Vehicles for over 30 years and is seeking a Certified Engineering Technologist to join its team. This role is responsible for designing and modelling structural components, sheet-metal parts and assemblies, preparing production drawings and bills of materials, maintaining as-built data, and supporting manufacturing and inventory processes through ERP systems. The ideal candidate will bring strong 3D modelling skills, attention to detail, professionalism, and a collaborative approach to designing and manufacturing quality Acres Emergency Vehicles.

This is a full-time, onsite position located in **Wawanesa, Manitoba**. Apply today and discover your potential with Acres Emergency Vehicles.

WHAT WE CAN OFFER YOU:

- Competitive wages offered
- In-depth training and mentorship provided
- Monday to Friday 8:00 AM to 5:00PM

WHAT YOU WILL DO:

- Design and model structural components of apparatus bodies and systems (like service boxes, pump houses, and mounting systems for equipment)
- Maintain and manage individual designs and layouts
- Demonstrated proficiency in 3D modeling of sheet-metal parts, assemblies, and production drawings.
- Produce bill of materials and program manufacturing database
- Manage and maintain as-built data
- Ability to work with ERP software to track project inputs and support inventory management.
- Excellent attention to detail, with a commitment to accuracy and quality.

WHAT YOU WILL NEED:

- Post Secondary Education in Engineering Technology and 2 years of relevant experience (an equivalent combination of education and experience will also be considered.)
- Certified Engineering Technologist designation.
- Previous design experience in a manufacturing environment, with demonstrated experience developing practical, production-ready designs.
- Knowledge of sheet metal design (steel, stainless, aluminum)
- Experience using Solidworks or related 3D CAD design software.
- Strong computer skills
- Excellent oral and written communication skills
- Ability to work independently and learn new technology.
- Ability to be analytical and solve complex and unusual problems.
- Ability to take initiative with a high level of independent judgment.
- Ability to build relationships and work effectively with co-workers, management, outside organizations and clients.

- Valid Class 5 Driver's License and Clear Driver's Abstract

APPLY TODAY!
To apply for this opportunity, please send your cover letter and resume to West-Can HR, by email to apply@westcanhr.com. For more information about this position, call our office 204-727-0008.
